**THE JEWISH FEDERATION OF GREATER PITTSBURGH HIRES  
BRADLEY ORSINI AS DIRECTOR OF JEWISH COMMUNITY SECURITY**

The Jewish Federation of Greater Pittsburgh today announced the hiring of Bradley W. Orsini as director of Jewish community security. In this new position, Mr. Orsini will plan, direct and coordinate activities relating to the protection and security of the Jewish Federation and of Pittsburgh’s Jewish community organizations, including day schools, synagogues and Jewish communal organizations. Mr. Orsini will start his new position Jan. 3, 2017.

“With his wealth of experience, the Jewish Federation and the Pittsburgh Jewish community are very fortunate to have Brad Orsini as our security director,” said Milo Averbach, chief financial officer of the Jewish Federation and the staff person in charge of the hiring process.

Mr. Orsini has been with the United States Federal Bureau of Investigation (FBI) for more than 25 years and is currently the supervisory special agent, crisis manager and training coordinator for the Pittsburgh Division. Past experience includes work with the FBI on the Public Corruption Squad in New Jersey, on the Crisis Management Team in Pittsburgh and as the supervisor of the FBI’s Community Outreach Program in Pittsburgh.

A fund within the Jewish Community Foundation of the Jewish Federation of Greater Pittsburgh provided resources to establish the new position. Position responsibilities include assessing Jewish community needs, recommending measures to strengthen existing security measures, and coordinating with Jewish agencies and government first responders.

“Security events affecting the Jewish community — including shootings, acts of terrorism and other attacks — have become increasingly common around the world. Coordinating security, training employees and volunteers, and implementing best practices will help to deter these crimes and prevent or decrease danger to Jewish Pittsburgh if they occur,” said Jeffrey Finkelstein, president and CEO of the Jewish Federation of Greater Pittsburgh.

## News Release

Andrew Stewart chairs the Jewish Federation ad hoc committee that explored the need for the security director and led the hiring process. Mr. Stewart commented, “Our community Jewish organizations have many appropriate measures in place, but there is definitely more that a security expert can bring to these efforts. From the experience of other communities around the country, we know that our Jewish community would benefit from the coordination, training and professional support for security initiatives that someone in this role could provide.”

The Jewish Federation of Greater Pittsburgh worked with the Secure Community Network (SCN), a national homeland security initiative of the Jewish Federations of North America, to evaluate the need for a security director. In addition, SCN assisted with the hiring process.

Mr. Orsini will work with the community to develop goals and objectives and will develop, implement and monitor guidelines, procedures and programs to coordinate security and incident response to reach these goals. In addition, he will help to build relationships and coordinate activities with local, state and federal law enforcement agencies.

Mr. Orsini received his bachelor of science, administration of justice degree from Pennsylvania State University in 1985 and served in the United States Marine Corps, reaching the rank of captain. During his previous work in Pittsburgh, he grew the Southwestern Pennsylvania Anti-Human Trafficking Coalition and was awarded the FBI’s Law Enforcement Agency Directors Award in 2005 for outstanding investigative results in the area of public corruption for Western Pennsylvania. In 2015, he was again awarded the Western Pennsylvania Law Enforcement Agency Directors Award for leading the FBI’s response to several mass-casualty critical incidents, including the Franklin Regional High School stabbing and the Monroeville Mall shooting. In September 2016, Mr. Orsini was awarded the FBI Director’s Award for Excellence in Training and Professional Development.

The Jewish Federation of Greater Pittsburgh, one of 151 independent Federations associated with The Jewish Federations of North America, raises and allocates funds to build community locally, in Israel and around the world. With the vision of a thriving, vibrant and engaged Jewish community, the Jewish Federation of Greater Pittsburgh aims to carry out its work in the context of cooperation and inclusiveness.
